26th March 2018

Spring Term News Letter

Students have had a positive spring term. This term students have studied English, Maths, Science, PSHE, Sports Coaching, AQA Unit Awards and have also completed a drama project.

Throughout the term students work has improved significantly, especially in English and Maths. In February Year 11 students sat Functional Skill exams in English and Maths.

Students have all completed careers plans this term with our careers advisor. Every student that applied to college has been offered a place.

In February students undertook a site visit to a local building site. The students learned about site safety and life on a building site. A big thank you to one of our parents Mr Ryan, who sourced safety boots for the students.

Students break up for the Easter holiday on Thursday 29th March and return on Monday 16th April.

After Easter Year 11 students have just 5 weeks until the summer exam season begins. Students will not have study leave but will continue work in school until the end of the exam season. Revision materials have been made available online.

We hope you have a wonderful Easter break and we look forward to working with the students again next term.
